

July 17, 1980

Dear friend,

I am submitting to you and two other people, a proposal for an assassination re-investigation club, surrounding the death of J. F. Kennedy. Charter members shall not be limited in any way by the rules of the club. They shall freely discuss their results with other charter members, by the mails and at annual meetings that may be held by them. Meetings (and discussions) shall revolve about the three prominent aspects of the presumed conspiracy to murder the President of the U.S.A. Viz.; (1) pro-Castro Cubans and the K.G.B., (2) anti-Castro-Cubans and the C.I.A., and (3) the mafia connection.

No fees shall be levied upon charter members. All other members are not exempt. No prospective member shall be admitted to the club without two charter members concurring. There is no veto power implied here. Members and myself shall not be privy to annual meetings or private correspondence between charter members (and their investigators), but will only receive the newsletter--"further results of re-investigation into the assassination of J. F. Kennedy." The newsletter can be obtained from Alpha-Omega Publications, Ltd., 7014 W. Mequon Rd., 112 N., Mequon, WI. 53092 (U.S.A.)

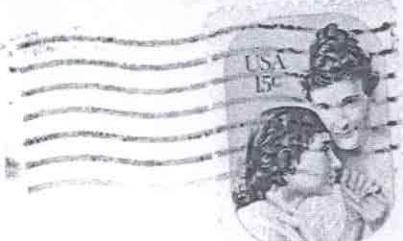

There shall be three charter members: (1) H. Weisberg, (2) Sen. R. Schweiker, and (3) Rep. L. Stokes. The rules of the club consist of the following points. All publication rights revert to the unanimous copyright clearance of the three charter members of this club, only. No single copyright clearance will be deemed adequate or sufficient for publication under our own auspices. The goal of this club is to help find evidence and testimony to identify co-conspirators in the assassination of J. F. Kennedy and the cover-up of this case. All leads you receive will be forwarded to other charter members, only to the clearance station (at Alpha-Omega) for printing purposes. All leads released for printing shall require the signature of one charter member, only. All evidence that supports a lead will be hard, or verified to be true, or confirmed by someone else in the instance of hear-say. Only charter members are designated to conduct their own independent inquiries. Charter members may actively co-operate with one another or those members they trust to carry out investigations under club auspices. All investigators are subject to ejection from the club, by an unanimous vote of the charter members only.

The club's name shall be--"Liberty and justice for all." I am the sponsor, P. Karl Mackal, author and editor.

Very sincerely,  
Paul
